BASEBALL.

On account of the bad weather during the past week, the baseball team has been given almost no practice and therefore a just criticism of the men and their playing is almost impossible. Judging, however, from the playing in the Yale and Newtowne games, it is fair to make some estimate of the work and prospects of the team. In general it is reasonable at the present time to look upon the team as having most hopeful prospects for the championship which lies ahead. The team-play and the batting of the team are what now need especial attention and during next week the weakness along these lines will be remedied as far as possible.

AMHERST, 5; "CONSOLS," 0.

The last game of the practice series with the Consolidated team was played Friday afternoon, April 22, Amherst winning by the score of 5 to 0. Clapp was tried in the box and though somewhat slow, held his opponents down to two hits, while Amherst secured five hits off Barry. The features of the game were DeWitt's one-hand catch of a difficult fly-ball in right field and Righter's work at second base. Amherst won by clean fielding and by bunching of hits in the first and fifth innings. The work of the team showed great improvement in every respect, though the base running was a little ragged. The score was as follows:

Innings,	1	2	3	4	5	6
Amherst,	1	1	0	0	2	1-5

Times at bat—Amherst 26, Consolidated 19. Stolen bases—Tinker, Fisher, Righter 2, Watson, Clapp, De Witt 2, Fahy. Two-base hit—Fisher. First base on balls—Tinker, Righter 2, De Witt, L. Thompson, Crapo. First base on errors—Clapp 2, Watson, Gregory. Left on bases—Amherst 5, Consolidated 4. Struck out—Tinker 2, Moore. Batter hit—De Witt. Double play—De Witt to Sweeney. Wild pitch—Clapp. Time—1h. 15m. Umpire, R. S. Fletcher '97.

YALE, 6; AMHERST, 3.

The first regular baseball game of the season was played with Yale on Pratt Field, Saturday, April 23. The sky was cloudy and threatened rain but the afternoon proved to be a good one for baseball. The Amherst team appeared for the first time in their new uniforms which seem to be entirely satisfactory. The work of the team throughout the game was remarkably good for so early in the season. The team-work was especially good, every play being backed up by two or three men. The batting was better than was generally expected it would be. The team was rather weak in base running.

Righter proved a great addition to the Amherst team and his presence at second

base seemed to inspire as well as to steady the infield players. The work of Watson at first was sure, and that of Thompson at short quick and lively. Davis pitched the entire game for Amherst and several times proved effectual against Yale's best batters. For Yale, Hecker pitched a good game and succeeded in striking out seven men. Wadsworth in the infield and Captain Greenway in the outfield proved to be Yale's most reliable men, but the batting of both was hardly up to their usual standard.

The features of the game were the long hits of Whitney and Wallace and two difficult catches made by Righter at second base.

Amherst came to the bat first and Gregory knocked a pretty base hit. He was followed by Tinker who gained first base on a hit which sent Gregory to third. By an error of de Saulles Gregory scored and Tinker was advanced to third base. Fisher made a hit which allowed Tinker to score. Fisher stole third but was put out in attempting to reach home. Foster got to first on a fielder's option but was put out between first and second. Righter struck out. Yale finished the inning by sending three men to the bat who went out in one, two, three order.

In the second inning Amherst scored one run to Yale's two. Whitney gained first on an error by Bronson. Thompson flied out to Bronson and Watson to Greenway. Davis made a clean hit which sent Whitney to second, from which he stole to third and came in on a passed ball by Sullivan. Gregory flied out to Hazen.

Greenway was the first man up for Yale. He whipped out a pretty hit and was followed by Wallace who reached first on an error by Tinker. Four men followed in this inning but none went beyond second. By good base running Greenway scored and Wallace got home on a wild pitch by Davis.

In the next two innings neither side scored and in the fifth Amherst batters flied out in one, two, three order. Here, however, Yale won the game. Sullivan got his base on balls and easily stole second. deSaulles followed with a base hit and Sullivan reached third. Wadsworth struck out. Wear made a base hit and in the general mix up which followed Sullivan and deSaulles scored and Wear gained third. Greenway struck out. Wallace here made a clean three base hit. Bronson was given his base on balls. By a balk of Davis, Wallace scored. Hazen was out from Fisher to Watson.

In the sixth inning Righter was the only

man to reach first for Amherst. In this inning Yale again came near scoring, but on account of poor coaching and base running Hecker and Sullivan were put out in one play. Wadsworth again struck out.

In the seventh and last inning not a man on either side reached first base. The score was as follows:

AMHERST, 11; NEWTOWNE, A. C. 12.

Amherst met her second defeat on Pratt Field last Wednesday afternoon at the hands of the Newtowne Athletic Club of North Cambridge by a score of 12 to 11. Ten innings were played. A cold, raw wind blew across the field through the entire game, and on this account the playing was exceedingly loose on both teams. The playing of the Amherst team was far inferior to that exhibited in the Yale game last Saturday. This was largely due, however, to the absence of Righter at second base and the substitution of Griffin for Davis in the pitcher's box. Griffin pitched nine innings, but his control of the ball was poor, giving eleven men their base on called balls. The team work of Amherst was poor, and this fact allowed several men to score. The Newtowne team put up a ragged game and should have been easily defeated by Amherst. H. Clarkson and W. Clarkson put up the best game for Newtowne, the pitching of the latter being exceptionally good. Sands ex-1900 played left field for Newtowne. The home runs of Whitney and Clarkson were the features of the game. The game was on the whole slow and tedious.

The score was as follows:

	A.B.	R.	1b.	P.O.	A.	E.
Gregory, c. f.,	5	1	0	3	0	0
Tinker, r. f.,	5	1	1	1	0	0

GAMES NEXT WEEK.

Amherst has three hard games scheduled on the home grounds for next week, beginning with the Brown game on Monday and the prospect is for a succession of close contests. Brown has her usual strong team again this year, having lost but few of her old players. She is reported as confident of victory. It may be impossible for Amherst to make as good a showing as would be demanded on Monday. Captain Gregory will probably save his best pitcher for the championship game, and the forte of the Rhode Island team is heavy batting.

The first championship game with Williams Wednesday afternoon is certain to be close and exciting. Both Williams and Amherst have lost many of their best players of last year by graduation. They have suffered about equally in this respect. However, if anything can be told from the showing made by the rival teams against Yale last week, Amherst is the one more likely to win. Yale found Plunkett's pitching ineffectual, the score standing 12 to 3 at the end of five innings. Amherst meets Wesleyan next Saturday. The latter is said to be hardly in shape as yet, and to have a team inferior to that of last year. Williams defeated her last Tuesday by the score of 4 to 3.

FRESHMAN BASEBALL.

Since the passing of the new faculty rule the prospects of the freshman ball team have been much brighter than before. The candidates number sixteen men, and from this number a winning team ought to be turned out. Three hundred dollars must be raised before a team can be put in the field. As yet this sum has not been raised, and on this account two games of the schedule have been cancelled. This amount, however, will probably be raised so that the rest of the schedule can be played as arranged. The following are the candidates for the various positions: pitcher, Clutia, Morse, Sanford; catcher, Godfrey, Couch; first base, Ballantine, Gladwin; second base, Lamb, Stevens; short-stop, Kretschmar; third base, Clutia, Roden; outfield, Bates, Denham, Royce, Ennever, Kittredge.

The following schedule has been arranged by Manager Miller:

Friday, May 6.—Drury Academy at Amherst.
Wednesday, May 11.—Williston at Amherst.
Saturday, May 21.—Brown Sophomores at Amherst.
Wednesday, May 25.—M. A. C. at Amherst.
Saturday, June 11.—Williams Freshmen at Amherst.
Wednesday, June 15.—Amherst High School at Amherst.

Negotiations are also being made for a game with the Dartmouth Freshmen, which will probably succeed.

ATHLETIC ASSOCIATION CONSTITUTION.

We print this week in full the new constitution of the Amherst College Athletic Association. This constitution has been drawn up in order to put this association on an equal footing with the baseball and football associations. With but one exception, the rules are the same as those which have governed the association in the past. Article III, Section 3, provides that no class director shall be a member of the team. This constitution will be presented to the College for ratification at some future date.

ARTICLE I.

Section 1. The name of this organization shall be the Track and Field Athletic Association of Amherst College.

Section 2. All enrolled students shall be members of the association.

ARTICLE II.

The officers of the association shall be a president, a vice-president, four directors, three class captains and a secretary.

ARTICLE III.

Section 1. The president of the association shall be elected by the College, at a mass meeting held not later than the Friday preceding the senior vacation, and only members of the junior class shall be eligible. He shall preside at all meetings of the association and shall have charge of all its general

interests. He shall also be manager of the team and shall have complete charge of all finances, trips, and meets of the association, subject to existing faculty regulations.

Section 2. The vice-president shall be the captain of the team *ex officio*. He shall preside at all meetings in the absence of the president except that for the election of the captain.

Section 3. Each class shall have one director who shall be elected during the fall term. He shall not be a member of the team, but in case of becoming a member after his election he shall be held responsible for all the duties of his position until a successor is elected. The directors shall have charge, under the direction of the president, of the collection of all subscriptions from the College and shall represent the class in all athletic matters unless otherwise provided.

Section 4. Each of the three lower classes shall elect a class captain before the fall meet every year. The captain shall have charge of the entering of men for the meet from his class and the conduct of the men while on the field.

Section 5. The secretary of the association shall be elected by the College at a mass meeting at such times as the president of the association shall decide, but the election shall occur before the fall meet each year. Only members of the junior class shall be eligible for the office. The secretary shall also be assistant manager of the team and shall aid the manager in his duties so far as possible.

ARTICLE IV.

The captain of the team shall be elected not later than one week after the final meet of the year, in which Amherst is represented through the association. All members of the team who participated in the Mott Haven meet, Worcester meet or Triangular meet (for 1898 the dual meet with Williams) shall be allowed a vote. No nominations shall be made. The election shall be made by ballot and a majority shall be necessary for election. The president shall preside at the meeting, and in his absence the senior director. Any member of the team entitled to vote is eligible for captain.

ARTICLE V.

The association shall hold a fall meet every year. The events to be contested and the regulations for the meet shall be in the hands of the association.

ARTICLE VI.

Only members winning points in the Mott Haven, Worcester or Triangular meet (1898 dual meet) or members of a victorious relay team shall be allowed to wear an A.

ARTICLE VII.

A meeting may be called at the discretion of the president or at the request of five members of the association.

ARTICLE VIII.

Roberts' Rules of Order shall govern all meetings.

ARTICLE IX.

One hundred and fifty members shall constitute a quorum.

ARTICLE X.

This constitution may be amended by a two-thirds vote of the College at a mass meeting.

COL. HIGGINSON'S LECTURE.

A very pleasant social event occurred last Monday evening at "Observatory House," the new home of Professor and Mrs. Todd. Colonel Thomas Wentworth Higginson was present and delivered a lecture on "England Twenty Years After." Colonel Higginson spoke chiefly of the home-life, the ideas and customs of the English as observed by him on his recent trip to England, especially as compared with impressions received on a previous visit to England and with our American life. The lecture was replete with stories and humorous incidents and was thoroughly enjoyed by all. About fifty persons were present. At the close of the lecture a most delightful social hour was spent, when an opportunity was given the guests to meet Colonel Higginson.

NINETY-ONE EASTER REUNION.

The regular Easter reunion of the class of Ninety-One was held at the Arena, New York city, Saturday evening, April 9. Under the able chairmanship of Ludington, the evening was passed most enjoyably, as is always the case when members of this class meet. Upon the payment by each one of his "fine" for being present, receipts were given in the form of "Amherst Easter eggs," trimmed with the College and class colors, and "Amherst boutonnières" of violets and lilies of the valley. Late in the evening an adjournment was made to the rooms of the New York Athletic club where the men were entertained by Ludington and Nason of the class. Mr. F. S. Hyde, a brother of Dr. Hyde of the class, was a welcome guest of the evening. Those present were Bigelow, Cushing, Gardner, Hyde, Jackson, King, Leonard, Ludington, Lyall, Morse, Nason, Potter, A. H. Walker, F. B. Walker, Woodruff.

MUSICAL CLUBS' CONCERT.

The Glee, Banjo and Mandolin clubs gave a very successful concert in the Town Hall at Ware, last Tuesday evening, under the auspices of the Twentieth Century club.

The audience, which was large, was very enthusiastic. A. Mossman's solo "The Highly Educated Man" being especially well received.

ATHLETIC BOARD MEETING.

The annual meeting of the Athletic Board took place March 23. The reports of last year's athletic and football managers were submitted and accepted. The baseball estimates were presented, including those for the freshman team, and were accepted with slight modifications of the latter. As usual the baseball association will be self-supporting. It was voted to allow the freshman manager to place a team in the field on the following condition: That before the first game is played he shall have deposited with the treasurer of the Board the sum of \$300 two-thirds of this amount being the proportional share of the class for the track team and the remainder to meet the expenses unprovided for in the estimates.

The athletic estimates were accepted and Manager Blanchard authorized to come before the College to raise \$800. It was further voted to recommend to the College that a football game between teams representing the two lower classes, to take place not later than the third Saturday of Fall term, be substituted for the annual cane rush between the Sophomores and Freshmen. It was decided that the Tennis association came under the jurisdiction of the Board and therefore was subject to the same regulations as the other athletic associations. The Board also authorized the various managers to employ a man as ticket agent at all championship contests. Mr. Nelligan was re-appointed director of Pratt Field and the choice of a custodian was left with the executive committee. An amendment to the By-Laws was adopted by which the contribution of the three athletic associations to the general expense account was increased from \$150 to \$200, divided as follows: Baseball association three parts, Football association three parts, and Athletic association two parts.

SENIOR CLASS PHOTOGRAPHER.

In accordance with the urgent desire of the College, as expressed in a recent editorial of THE STUDENT, the photograph committee has induced Mr. Endean to return to Amherst for a few days this spring for the express purpose of taking such groups as are usually taken at this time of year. Considering the expense which Mr. Endean must necessarily incur in taking this special trip from the West, it is to be hoped that he will have no reason to regret the trip through lack of patronage.

VOL. XXXI. Saturday, Apr. 30, 1898. No. 25.

THE College at large has good cause to feel gratified at the result of our first baseball game. That we should have shown up so well against Yale should be encouraging even to the most sanguine of the team's supporters. Amherst played a fast, snappy fielding game and her batting, which it was thought would be weak, showed that we have men who can be relied upon when hits are needed. The outlook for a successful season is certainly bright, and if the team keeps the pace it set last Saturday, Amherst men need have no fears about the pennant.

At the beginning of each term the supply of books procured by the coöperative store for the use of the various departments is invariably insufficient for the demands and a great deal of valuable time is lost to the students who are unable to procure copies until a week or ten days of the term have passed. If such a state of things happened but occasionally, any criticism would seem to be severe, but its continued repetition every three months, is to say the least, very annoying. Since the students are practically obliged to purchase their books at the coöperative store it is but fair to demand that they be properly supplied with the required text books as soon as they are needed. It is to be hoped that the managers of the society

will see to it that in the future there be no need of criticism in this respect.

NEXT Saturday afternoon, for the first time, Amherst will meet M. I. T. in a dual athletic contest, at Riverside. There has been no opportunity to compare the merits of the two opposing teams, and the uncertainty of the result will therefore render the contest all the more interesting to both colleges. Though our men have had only a very short time in which to train for the meet, they are working hard and faithfully and will, we feel sure, bring credit to the College. Just now when our athletic prospects begin to brighten, the entire College should show its appreciation of the work of the team by rallying to its support in every way possible. It is hoped that a large number of men will accompany the team to Riverside next Saturday and show what enthusiastic and loyal support can do to help us win. There certainly could be no more encouraging way in which to begin the season than by making this first meet a victory for Amherst.

NEXT Wednesday afternoon Amherst plays the first championship game of the season with Williams on Pratt field. The prospects for an Amherst victory are much brighter than they were a year ago when Williams won by a single run. With the exception of last year the first game of the championship series for a number of years has resulted in a victory for Amherst, and there is reason to believe that the Purple and White will not make a poor beginning next Wednesday. A victory at the very outset of the series will go a long way toward winning the pennant. In order to make the victory more certain it is imperative that the team receive the hearty support of the College. Strong and vigorous cheering is needed throughout the entire game. There is nothing so encouraging to the men as to let them know that the whole student body has confidence in them and is behind them in every game. Let every Amherst student be present on the field next Wednesday to cheer the team to victory.

THE question of forming a company of volunteers has been rife at Amherst during the past two weeks. Following the example of many of our neighboring colleges it has seemed best to several members of the College to form a company of students who shall drill regularly and be prepared at the second call for volunteers to enlist in the service of the United States. This is a most patriotic

movement and one to receive much commendation from students, faculty and alumni, and yet it is generally thought to have many draw-backs and to be on the whole a plan which could not be carried out advantageously. In the first place it is argued that college men in the present crisis should be among the last to enlist because in reality their duty to the nation is to prepare for the up-building and the enlightenment of the country in time of peace. Again, nearly one half of the College, if the matter were left to men as individuals, would gladly enlist to-day in the army of volunteers; but in fact about eighty per cent of these very men are under the direct or indirect influence of parents and guardians whose consent must necessarily be obtained before positive enrollment is made. This state of affairs would not allow the company to be made up of the men who are sure to enlist and unless the company is positively ready to a man to march at a moment's notice, the organization would be of no importance and could not be recognized by the Government. A third objection is that but eight weeks remain before the disbanding of the entire College for vacation and it is extremely probable that no second call will be made for some months at least, and that at the time of the call the college company would be scattered over the entire country and it would be impossible to gather the men together again. These are the three most telling objections offered and it would seem that in the minds of the students here, they overbalance those more patriotic yet perhaps less logical arguments of the men who are urging the formation of the company. They claim that it is the duty of Amherst College to fall into line with other American colleges and for the students to show their willingness and their eagerness to defend the land of their fathers. The argument of President Tucker of Dartmouth seems a strong one, "Our fathers drilled on the campus in '61, why should not we in '98;" This view is upheld by a portion of the students and the faculty and yet the objections are so cogent to forming a company that the idea is practically given up for the present. *Let not our alumni and friends think, however, that the College is unpatriotic and that our love of country is dormant because no decisive action is being taken at Amherst. The inner feeling of patriotism is as strong here as at any college in the land and when the actual need for volunteers comes to us, we believe that Amherst men will be among the first to enlist. Until the time for enlistment*

comes let the enthusiasm of the College run high and let the country know that the real internal patriotism at Amherst is high and true.

OFFICIAL NOTICES.

All persons who desire to order photographs of members of the faculty or of the senior class can secure copies of the senior photograph list of F. C. Wellman, '98.

A student who is occupying a dormitory room, is allowed until the first Monday in May to retain the same for the succeeding year. After the first Monday in May members of College may draw for choice of unengaged rooms in the following order: on the first Tuesday, members of the incoming senior class; on the first Thursday, members of the incoming junior class, and on the first Friday, members of the incoming sophomore class. After the last date rooms will be rented as called for or may be reserved for members of the incoming freshman class.

CHARLES R. FAY, Asst. Reg.

RELIGIOUS NOTES.

A service preparatory to the Communion service was held Thursday evening. Brief addresses were made by Professors ~~Grosvenor~~, Neill, Tyler and Smith.

The Mission Study class met in the Y. M. C. A. room last evening at 7-00 o'clock.

The topic for the combined Bible classes to-morrow will be "Job's First Speech and the Answers of the Friends;" Job 3, 4, 5, 8, 11.

Rev. E. B. Webb, D. D. of Wellesley, will preach in the College Church to-morrow morning.

The Communion service will be observed in the College Church to-morrow afternoon at 4-00 o'clock.

IN BRIEF.

The last regular gymnasium exercise of the year will be held next Tuesday.

E. M. Sands ex-1900 is playing on the Newtowne Athletic Association baseball team.

R. C. Croker, Jr., ex-'99 is playing substitute second base on the Brown University ball team.

The regular spring meeting of the Amherst College trustees will be held in Springfield, Thursday, May 19.

The annual reception of the Amherst chapter of Phi Delta Theta will be given Wednesday, May 25.

Professor Elwell gave a short talk on the Cuban question before the freshman Greek class Wednesday morning.

F. K. Kretschmar has been elected captain of the freshman baseball team in place of H. V. D. Moore, resigned.

Telephones have recently been placed in the residence of Professor Crook and the STUDENT office in North College.

Professor Tyler delivered his third lecture on "Society" before the members of the Biology class Tuesday evening. His special subject was "Education."

The Springfield *Republican* of April 22 contained a cut of Prof. G. B. Churchill, the newly elected professor of Rhetoric, Logic and Public Speaking at Amherst.

Professor Emerson has received a diploma of membership in the Philosophical Society of America, the oldest scientific society in the country and founded by Benjamin Franklin at Philadelphia.

The Amherst High School has voted to withdraw from the Western Massachusetts Interscholastic Baseball Association. Lack of funds is said to be the principal reason for the withdrawal.

On account of the absence of President Gates, who had charge of the course of lectures upon "College Thought and Public Interest" it has not been thought advisable to extend the course this term.

A bronze bust of Virgil, mounted on a marble pedestal, has been placed in one corner of the Latin room in Williston Hall. It is the gift of J. Ackerman Coles and Emilie S. Coles, from the estate of their father, Abraham Coles. The cast is the first bronze copy ever made from the model and was the work of Tiffany & Co., New York.

Lieutenant G. R. Evans, U. S. N., who is in command of the U. S. S. "Tecumseh" and is now stationed before Havana with Admiral Sampson's fleet is a brother of E. R. Evans '94. Lieutenant Evans was stationed at the Torpedo Station, Newport, previous to his present assignment.

According to the ruling of J. E. Sullivan, secretary of the Amateur Athletic Union, the gold medal for breaking the College record in the 15 yard dash at the Heavy Gym. Exhibition has been awarded to Charles B. MacDuffee 1900 who made the record of 2 2-5 seconds in one of the trial heats held before the exhibition. He equalled this record at the exhibition, as did also F. H. Klaer 1900 and H. W. Gladwin 1901.

Manager Blanchard announces, for the benefit of any who may desire to attend the M. I. T. meet next Saturday, that the team will go via Springfield, leaving Amherst by special train to Northampton at 8-15 Saturday morning. The meet is to be held at Riverside, a part of Newton. The park is a new one and this will be the first college athletic meet held there. Returning, the team will leave Riverside at 7-00 P. M., possibly by a special train.

LATIN PRIZES.

The Bertram prizes in Latin will be awarded this year to those Seniors who shall write the best essays upon the Beginnings of Latin Philosophical Literature and Latin Christian Literature as Illustrated by the *De Rerum Natura* of Lucretius and the *Liber Apologeticus* of Tertullian, together with a short excursus on the Civilization and Language of Roman Africa in the Second Century A. D. The junior prizes will be awarded for the best scholarship in the work of the year.

BOYNTON PRIZE.

The Boynton Biblical Literature prize for the winter term has been awarded to Rufus E. Miles '99 of Worcester. These prizes are given by Eleazar Boynton of Medford to encourage personal study and investigation of the Bible. They are divided into three of ten dollars each, and are awarded, one at the end of each term, to the student writing the best essay on an assigned topic covering the work of the term. The topic assigned for the winter term was "A Comparative Study of Hosea and Amos." The subject for the spring term essay has not yet been announced.

RESOLUTIONS.

The following resolutions upon the death of Professor Frink have been sent us for publication:

From the Faculty:

The splendid scholarly attainments of Professor Frink, his tireless and self-sacrificing energy and his whole-souled consecration to duty have ever commanded the admiration and esteem of his colleagues.

As this associate, so devoted, so honored and so beloved, is suddenly removed from their number, the Faculty of Amherst College desire to put on record this expression of their profound grief and of their sense of personal bereavement.

For the Faculty, { EDWIN A. GROSVENOR.
JOHN FRANKLIN GENUNG.
CHARLES R. FAY.

From Chi Psi Fraternity:

It has seemed best to our Heavenly Father, in His infinite wisdom, to remove from his activities and from us, our beloved brother, Henry Allyn Frink. Formal resolutions are at this time all too inadequate to express our sense of bereavement and our heartfelt sorrow.

The life of our dear brother has been an open book; and the world that read found therein a rare courtesy, a deep scholarliness, unswerving devotion to the duties of his chair, and a magnificent unselfishness. In his death Amherst College realizes the loss of a most able instructor, while to the student body his going seems the going of a close and personal friend. He appreciated student character and saw the true beneath the false; encouragement was in his words and inspiration in all his dealings.

We bow collectively before the Divine Providence, yet desire, though imperfectly, to honor his memory. We drape our badges for thirty days, insert this minute among the archives of the Alpha, and send copies of the same to the bereaved family and also to THE AMHERST STUDENT for publication.

For the Alpha, { LEE ELAM.
GEORGE W. MOORE.
GEORGE L. BRYAN.

From the Undergraduates:

In the presence of the great loss which has come to us in the death of our professor and friend, Henry Allyn Frink, we feel the inadequacy of words to fitly express what we would say of him and of his life. But

Whereas, his life was a source of inspiration to every student, not only by his personal interest in those with whom he came in contact, but by the example of earnest devotion in the discharge of all his duties; and

Whereas, we feel that he was one who held ever before himself the best interests of Amherst College and gave to it his true and loyal service; therefore, be it

Resolved, That the College has lost one who did much to broaden its influence and extend its sphere of true usefulness; and be it

Resolved, That we, the undergraduates of the College, hereby express our feeling of personal loss; and be it further

Resolved, That a copy of these resolutions be sent to the family and be published in THE AMHERST STUDENT.

For the College: James D. Lennehan '98, Ferdinand Q. Blanchard '98, Richard H. Gregory '98, Walter A. Griffin '99, Emery B. Pottle '99, Chas. E. Mitchell '99, Alden H. Clark 1900, Thomas J. Hammond 1900, Frederick P. Young 1900, Will D. Ballantine 1901, Harry V. D. Moore 1901, Wilard W. Everett 1901.

From the class of Ninety-One:

To the memory of Henry Allyn Frink, the class of Ninety-One, Amherst College, pays loving tribute.

To us he was ever the efficient instructor, and the faithful friend and counsellor. A master in the art of training men, his charity and sympathy won the hearts of those whose lives he touched.

In him the class of Ninety-One has lost a friend, Amherst College a most able teacher, and the world, a loving, generous soul.

And it is ordered that these memorial words be copied in our class records and published in THE AMHERST STUDENT.

For the Class, { N. P. AVERY.
W. E. NASON.

From Psi Upsilon fraternity:

Whereas, in the passing away of Professor Frink we feel that Amherst College has lost a teacher whose unselfish personality and sincere interest in the welfare of each student has endeared him to every Amherst man; therefore be it

Resolved, that we, the Gamma chapter of the Psi Upsilon fraternity, express in this manner the realization of the deep loss which we have suffered, and our appreciation of his precious services to our College; and be it further

Resolved, that these resolutions be inserted in THE AMHERST STUDENT, and spread upon the chapter records.

For the Chapter, { STUART JOHNSTON.
HOWARD H. MOSSMAN.
WALTER H. GRIFFIN.

COLLEGE IMPROVEMENTS.

The work of grading the Boltwood estate, which was discontinued at the close of the fall term on account of the cold weather, has been resumed. The contract calls for the completion of the grading and the construction of the roadways by May 1, but on account of the unfavorable weather it has been found impossible to complete the work within the specified time. When the contemplated improvements have been completed, Amherst will have a campus equal to any in the country. Improvements have also been planned for the reading room of the Library. It is proposed to introduce electric lights to take the place of the gas system, which has not given very good satisfaction the past term.

LIGHT GYM. EXHIBITION.

The annual Leland Prize Exhibition will be held in Pratt Gymnasium next Wednesday afternoon, May 4, at 1-30 o'clock. The programme which has been prepared will contain, in addition to the names of judges and class officers, a list of the best records made in the standard athletic events in each year since 1874. Dr. Phillips has chosen Lieut. W. M. Wright, U. S. A., Massachusetts Agricultural College, and Dr. Daniel R. Knight, vice-captain of the class of Ninety-One, as judges. The classes will appear in the following order: Freshman class—C. H. Pattee, captain; W. S. Hatch, vice-captain; A. W. Towne, J. L. Vanderbilt, O. J. Story, platoon officers; H. B. Zimmerman, pianist. Sophomore class—W. T. Gamage, captain; A. B. Franklin, Jr., vice-captain; W. E. Lewis, S. W. Wells, P. G. Spining, S. E. Flichtner, platoon officers; E. S. Cobb, pianist. Junior class—C. I. De Witt, captain; F. H. Foster, Jr., vice-captain; R. P. Eastman, T. G. Flaherty, E. B. Pottle, platoon officers; F. W. Raymond, pianist.

CHESS TOURNAMENT.

At least twenty more games must be played in the chess tournament before arrangements can be made for the final round. The managers of the tournament are desirous that the contestants be ready to play the games assigned them at once. Of the games played recently Barnum 1900 defeated Nitchie '99, Southgate 1901 defeated Marsh 1901, Southgate 1901 defeated Klaer 1900, Allen '98 defeated Southgate 1901, Ide '98 defeated Marsh 1901. The contestants have been divided into three divisions, and the two players in each division winning the greatest number of games will be selected to play the last round. The three winners of this round will represent the College in the match games with Williams at Williamstown, May 20 and 21.

SPECIAL LATIN PRIZES.

A special prize examination on Early and Mediaeval Christian Latin Poetry, for members of the junior Latin class, was held Saturday, March 26. Two prizes, one of fifteen and one of ten dollars, were offered by an alumnus. The first prize was awarded to A. E. Austin of Medway, and the second prize was divided between C. E. Lamson of Hartford, Conn., and W. F. Lyman of Westfield.

COMMISSION OF N. E. COLLEGES.

The Commission of New England colleges on admission examinations held its twelfth annual meeting at Boston University, beginning Wednesday, April 13. Representatives were present from all the fifteen colleges comprising the Commission with the exception of Trinity. Three sessions of the Commission were held, Wednesday afternoon and evening and Thursday morning, respectively. The chief topic of discussion was

"The Proposed Change in the Requirements for Admission in English." A report on this subject was received from a conference representing a committee of the Commission, a committee of the Association of New England Colleges and Preparatory Schools and a committee of the Association of Colleges and Preparatory Schools of the Middle States. Action was taken on the report and will be submitted to the various colleges in the regular publication of the proceedings of the Commission. A communication was also received from the Massachusetts Association of Classical and High School Teachers relating to requirements for admission. In the absence of Professor Cowles, the regular member of the Commission, Amherst was represented by Professor Wood.

GIFTS TO THE LATIN DEPARTMENT.

Through the generosity of an alumnus of the College, a number of photographs of Roman monuments in the province of Africa have just been placed in Professor Crowell's recitation room, in the College Library. Three of these are a triumphal arch in honor of the emperor Trajan, a theatre, and the forum, at Colonia Marciana Traiana, the modern Timegad in Algeria. Two others are a temple of Minerva, and a triumphal arch of Caracalla, at Theveste, the modern Tebessa in Algeria. The others are an aqueduct at Cirta, the modern Constantine, the praetorium at Lambessa, also in Algeria, and an amphitheatre at Thysdrus, the modern El Djem in Tunisia.

PSI UPSILON CONVENTION.

The annual convention of the Psi Upsilon fraternity will be held with the Mu chapter of the University of Minnesota, at Minneapolis, Minn., May 4, 5 and 6. Howard H. Mossman '98 will represent the Gamma chapter.

TRAINING TABLE.

Twelve members of the athletic team were taken to the training table at the Amherst House last Saturday night and others will be taken later. The men at the training table are Captain Mossman, S. B. Furbish, D. C. McAllister, '98; C. H. Cobb, R. B. Redfern, '99; L. P. Brigham, H. W. Burdon, F. C. Dudley, F. H. Klaer, 1900; E. P. Field, H. W. Gladwin, and E. W. Wiggins, 1901. The following men are also training at various boarding-houses: L. H. Austin, C. G. Burd, C. A. Strong, '98; H.

M. Messinger, P. T. Winslow, '99; A. B. Franklin, Jr., R. S. Hubbard, C. B. Mac Duffee, 1900; A. E. Curtenius and C. E. Mathews, 1901.

Born, Dec. 12, 1897, to Mr. and Mrs. Irving H. Upton, a daughter, Elizabeth Haven Upton.

'86.—J. M. H. Frederick, Superintendent of Schools in Akron, Ohio has recently completed a book entitled "National Party Platforms of the United States" which has been most favorably received throughout the country. Critics have said of it: "It is an invaluable book to all students of political history in the United States."

'88.—Walter E. Bunten has accepted the position of cashier in the Department of Water Works, Kingston, New York.

EIGHTY-NINE.

Louis Derr is at present occupying the position of instructor in Physics at the Massachusetts Institute of Technology.

Eugene Thayer, M. D., who has built up a large practice in Boston has been elected a member of the Massachusetts Medical Society.

Dr. John S. Hitchcock of Northampton, son of Dr. Edward Hitchcock, and Miss Mary Waters Bryan of Charlottesville, Va., were married at the bride's home April 2. Albert W. Hitchcock of Newburyport, brother of the groom, was best man, and Miss Bryan, the bride's sister, was maid of honor. The ceremony was performed by Rev. H. B. Lee of Charlottesville. After a brief stay in New York the couple returned

to Northampton, where they will reside for the present, at Mrs. C. H. Brewster's, 18 Old South street.

NINETY-SEVEN.

A. H. Merriam's address is now 6 King St. Worcester.

George G. Bradley was married to Miss Annie Eastwood Abbott of Montclair, N. J., March 15, Dr. Amory H. Bradford D. D. performing the ceremony. Many Amherst men attended the wedding. Among the ushers were C. D. Kennedy '97, A. C. Griffin '97, Isaac Patch '97, H. H. Titsworth '97. K. V. S. Howland '97 was best man. Mr. and Mrs. Bradley will board in New York until summer when they will return to make Montclair their permanent place of residence. Mr. Bradley has recently joined the law firm of Denfert, Adams and Bradley, with offices at 43 Cedar St., New York City.

The following resolutions were adopted by the class of Ninety-Seven, upon the death of J. C. Johnson which occurred March 31.

Whereas, God in his Providence has so suddenly taken from us our classmate, John Cuthbert Johnson,

Resolved, that we, the members of the class of Ninety-Seven of Amherst College, express our deep sorrow in the loss of one whose unflinching courage and good cheer will long be cherished, and that we tender our sympathy to those who loved him most.

ADMISSION.

The four-year curriculum for the Classical Course leads to the degree of Bachelor of Arts. Candidates for the Freshman Class must be at least sixteen years of age, and correspondingly older for advanced standing. Prescribed subjects for examination include Latin, Greek, Mathematics, English, Modern Languages and Ancient History. Consult Annual Catalogue for details.

The four-year curriculum of the Scientific Course leads to the Degree of Bachelor of Science. Prescribed subjects for examination are as above, omitting Greek and adding History of United States, Modern Geography and History of England.

Preliminary examinations are allowed in admission to either of the above courses.

Graduates of certain Preparatory Schools are admitted on certificate, without examination. The certificates and pass-cards of the Regents of the University of the State of New York are also accepted in place of examinations.

Porter Admission Prize for best examination for admission to the Freshman Class.

For admission to advanced standing, full equivalents are accepted.

Regular entrance examinations at Amherst, 23d and 24th June, 1898, and simultaneously in large cities and at Preparatory Schools.

GENERAL INFORMATION.

Graded Diplomas, B. A. and B. S., are awarded at the conclusion of the foregoing courses. Non-competitors for these Degrees may pursue special courses.

The academic year is 37 weeks in duration, divided into three terms. The summer vacation of 11 weeks, begins with the first week in July. Commencement, 29 June, 1898.

Tuition fee, \$110 yearly. Privileges of the Pratt Gymnasium free to all students.

The annual award of fellowships and prizes exceeds \$2,750.

The beueficiary funds of the College exceed \$180,000. Students may receive needed assistance from the income of these funds.

The collections for instruction in Art and the Natural Sciences are unsurpassed.

Fully equipped laboratories for instruction in Physics, Chemistry and Biology.

The College Library contains about 68,000 volumes, and is freely accessible to all students, without fees.

HON. CHARLES H. ALLEN.

The appointment of Hon. Charles H. Allen to the position of Assistant Secretary of the Navy to succeed Hon. Theodore Roosevelt is of more than usual interest to Amherst, inasmuch as he is a graduate of the College. President McKinley in making the nomination considered not only Mr. Allen's fitness for the position but also the personal wishes of Secretary Long. Immediately after the Senate had confirmed the nomination Mr. Allen entered upon his duties.

Hon. Charles H. Allen was born in Lowell April 15, 1848, and is a descendant of an old New England family, his father, Otis Allen, being a prominent merchant of Lowell. After graduating from the Lowell High School in 1865 he entered Amherst College, graduating 1869. While at College he was very popular with the members of his class and an active member of Chi Psi fraternity. It was Mr. Allen's intention to become a physician, but a crisis occurring in the lumber business in which his father was engaged compelled him to change his plans. He at once associated himself with his father and has ever since been prominently connected with the business interests of the city. In 1874 he was elected a member of the Lowell School committee, a position which he held for seven years. Then followed his election by the Republicans in 1881 to the State Legislature. For two years he served as a member of the House of Representatives and the next year as a member of the Senate. He was also a Colonel on the staff of Governor Robinson. So faithful had been his service in the State Legislature that the Republicans nominated him as their candidate for the Forty-ninth Congress, and

although having as an opponent Charles S. Lilley, a strong Democrat, he won by a plurality of 3000. He again represented the eighth district in the Fiftieth Congress. In the Forty-ninth Congress he served on the Indian committee and in the Fiftieth Congress on the Post-office committee. While at Washington he became intimately acquainted with President McKinley. Soon after his retirement from Congress Mr. Allen was nominated for Governor, but was defeated by the late Governor William E. Russell. He is a member of the Union club in Boston, the University club in New York, the Pilgrim Commandery of Masons, the Highland, the the Martin Luther and Yoric clubs of Lowell. From boyhood he has been a member of the Eliot Congregational Church, Lowell.

AMHERST—M. I. T. DUAL MEET.

Last Saturday afternoon the dual athletic meet with M. I. T. was held on the Riverside Recreation Grounds, Newton. The contest was an exceedingly close one from start to finish and was won by M. I. T. by only a very narrow margin. Had it not been for an accident which happened to Captain Mossman it is quite probable that Amherst would have won the meet. The day was perfect for athletics and the track, although a new one, was in excellent condition. The appointments of the grounds were in all respects admirable and the management of the park did all in its power to make it pleasant for the contestants.

Our team showed itself particularly strong in both the long runs and dashes, taking first place in all but the 880-yards run, but was rather weak in the field events, except the discus throwing and broad jump. The prizes were gold, silver and bronze medals made after the regular M. I. T. pattern.

DASHES.

In the 100-yards and 220-yards dashes, Curtenius captured first place making the 100-yards in the excellent time of 10 2-5 seconds, and in the 220-yards Strong '98 took second place, the other places in both events going to M. I. T. The 440-yards dash was one of the prettiest races of the day and was won by Strong '98, who kept the lead all the way and made a fine finish.

ONE-HALF MILE, ONE MILE AND TWO MILE RUNS.

In the long runs, Furbish '98, took an easy first. In the one mile run Wiggins 1901, ran an plucky race, finishing in third place. Gladwin 1901 and Klaer 1900 took second and third places respectively, in

the 880-yards run, while first went to Garrett of M. I. T.

HURDLES.

In the first trial heat for the 120-yards hurdles occurred the accident to Captain Mossman which cost Amherst the race and probably the meet. The high hurdles were won by Wentworth, M. I. T., with C. G. Burd '98, second, and A. Mossman '98, third, though the third place was not counted. In the low hurdles Burd '98 took second and the other places went Burch and Dutton, respectively, M. I. T.

POLE VAULT AND JUMPS.

In the pole vault and high jump "Tech." showed herself particularly strong, taking all the places in both events, except third in the high jump which was taken by Klaer 1900. In the broad jump, Gladwin 1901, took first at 20 ft. 2 3-4 in. and McAllister '98, second. In the pole vault, Payne, M. I. T. established a record of 10 ft. 1 in.

FIELD EVENTS.

In the shot-put we were very much handicapped by the size of the shot used, which was larger than that to which our men had been accustomed, and all three places went to M. I. T. Austin '98 took first place in the hammer-throw at 96 ft. 1 1-2 in., with Copp, M. I. T., second and Kendall '99 third.

BASEBALL.

AMHERST, 7; WESLEYAN, 5.

Amherst won her second game of the season by defeating Wesleyan in an interesting contest on Pratt Field Saturday afternoon, the final score standing 7-5. Both teams played loosely though several brilliant plays were made. McNaughton's unassisted double play in the sixth, Messinger's catch in the fourth, and Andrews' in the eighth were the features of the game and called forth much applause. Rushmore was in the box for the home team and did well, but on account of a lame arm was replaced by Davis at the end of the fifth inning. Fisher excelled at the bat, getting two hits, a double and a single.

The game was called at 3-20 o'clock with Gregory at bat. He reached first on Anderson's wild throw and stole second. Tinker followed with a single bringing Gregory home. Tinker stole third and scored on Fisher's drive to center field which was neatly captured by Andrews. Whitney struck out and Thompson went out on a hit to first. For Wesleyan, Andrews opened with a two-bagger and immediately stole third. Fox drew a base on balls and stole second. Townsend hit to Fisher who threw him out at first. Andrews and Fox scored on an error. Williams struck out. Broatch reached first safely and was forced to second by Anderson's base on balls. A double steal followed. Anderson was out to Gregory and closed the inning. Neither side scored in the second inning. In the third Rushmore hit safely and scored on Tinker's single and Fisher's double. Tinker hit safely, stole second and came in on Fisher's double. Whitney went to first on fielder's option. Fisher was caught between third and home, but after considerable skilful dodging reached home. Whitney stole second and was advanced to third by Thompson's hit. Foster and Watson struck out. Fox went out on a foul fly to Fisher. Townsend made a safe hit and stole second. Williams struck out, Broatch drew a base on balls and Anderson closed the inning by being thrown out at first by Messinger. Neither side scored in the next inning. Messinger made a beautiful catch of Raymond's drive in this inning. In the fifth Amherst failed to score. Andrews went out on a foul fly to Whitney. Fox reached first on a hit and was advanced to second by Townsend's base on balls. Williams hit to short stop advancing Fox to third, Townsend being thrown out at second. Williams stole second and went to third on Broatch's hit. Broatch

stole second and Anderson was out to Foster. Again Amherst failed to score. At this point Davis was substituted for Rushmore.

Raymond opened the sixth inning for Wesleyan and went out at first on an assist by Davis. McNaughton drew a base on balls and Tirrell hit to Thompson and was thrown out at first. Singles by Andrews, Fox and Townsend scored McNaughton and Williams went out on a foul fly to Whitney.

Amherst went out in one, two, three order in the seventh. Broatch opened with a single and was put out at second on Anderson's hit. Raymond singled and McNaughton went out on a foul fly to Fisher. A hit by Tirrell scored Anderson who had stolen third. Raymond was thrown out at home. In the eighth Amherst netted two runs. Tinker singled and went to second on Fisher's hit. Whitney was out to Andrews. Thompson hit safely bringing in Tinker. Fisher was out at third. Hits by Foster and Watson scored Thompson. Messinger hit to third and was thrown out at first. Wesleyan failed to score in this inning and neither side scored in the ninth. The score was as follows:

AMHERST, 6; HARVARD, 20.

Amherst received a severe defeat from Harvard last Tuesday afternoon on Soldier's Field, Cambridge. The game was loosely played on both sides, Amherst scoring eleven errors and Harvard four. Davis started to pitch for Amherst but seemed to have little or no control of the ball and after twelve

runs had been scored during the first three innings, Rushmore took the box for the remainder of the game. His pitching was fairly creditable although he seemed to go to pieces when the bases were filled. Amherst's infield was especially weak and muf-fing and wild throwing seemed at times Amherst's idea of playing ball. Foster in the outfield made two costly errors. Gregory, Whitney and Messinger showed up well in base running. Harvard's playing was somewhat erratic. Loughlin and Rand batted especially well. McCormick's ungentlemanly game was very noticeable. Umpire Murray easily earned his pay from the Harvard management and his decisions were never in favor of Amherst. It was partially due to the aid of Umpire Murray that Harvard scored so many runs.

Amherst gained her six runs in four of the nine innings and Harvard also scored her twenty runs in four separate innings. From this fact it can be seen that the Amherst team went to pieces periodically. Owing to the looseness of the play on both sides and the entire absence of interesting features of the game a detailed account is omitted. The score was as follows:

AMHERST, 1; HOLY CROSS, 3.

Last Wednesday afternoon Amherst played Holy Cross at Worcester and although Amherst put up a much sharper game than on the previous day, she was defeated by a score of three to one. It rained hard throughout the entire game and for this reason but five innings were played. Davis again took the box for Amherst and his pitching showed marked improvement over that of Tuesday. Amherst lost the game through inability to

hit the ball, and Thompson's two costly errors in the third inning. The features of the game were Watson's catch of a hot liner in the first inning and Whitney's long hit in the second. The Holy Cross team played a quick, sure game and were wonderfully accurate in fielding.

Holy Cross first came to the bat. Lavin was out to Watson. Curley reached first on Messinger's error and stole second. The next two men were unable to reach first base. Amherst went out in one, two, three order. In the second inning Fox and Dyer were out at first. Brennan reached first on a hit which went through Davis. McTigue knocked a grounder to Messinger and Brennan was put out being forced to second. Whitney came to bat for Amherst and lined out a pretty three base hit and came home on Brennan's error. Thompson got his base on balls. Foster struck out. Watson and Messinger went to first on four balls. Davis struck out and with three men on bases. Thompson was put out at home plate.

In the third inning, McKenna reached first on a fumble by Thompson. He was followed by Lavin with a base on balls and Curley who got to first on a second error by Thompson. McAlister was out to Gregory. With the bases full and two men out Fox made a three-base hit which brought in three runs. Dyer went out to Messinger. Amherst men did not reach first base again during the game. In the fourth inning Holy Cross went out in order. In the fifth one man only reached first, he being hit by a pitched ball.

WILLIAMS MEET.

This afternoon the dual athletic meet with Williams is to be held on Pratt Field. Judging as far as possible from the work of the two teams it seems probable that the meet will be close and exciting. Amherst will be represented by the same men who were entered in the M. I. T. meet last Saturday, with the addition of J. F. Gregory '98 who may run in the 100-yards dash, and Kendall '99, in the half-mile run. The short dashes will probably prove the most interesting feature of the day. Bray, of Williams, is entered in the one and two mile, the half and quarter-mile races and is likely to win at least two of the four. Williams is also strong in the high jump and pole vault, while our strength lies in the shot put, hammer throw and broad jump and we should take second and third places in the one mile and two mile runs. It is hoped that Captain Mossman will be able to run in the hurdles. The referee will be Harry A. Adams, W. A. C., Captain Frain, of Wesleyan, will be clerk of course and starter; the other officers will be from Springfield, Northampton and Amherst.

PSI UPSILON CONVENTION.

The sixty-fifth annual convention of the Psi Upsilon fraternity was held with the Mu chapter at the University of Minnesota in Minneapolis, Minn., May 3 to 6 inclusive. The business sessions which occupied the mornings of the last three days were held in the West Hotel. On Wednesday evening the public literary exercises were held in the Plymouth Church and an address on "The Indictment of History against Spain" was given by President Charles K. Adams of Wisconsin University. On Thursday evening a large ball was given in the University Armory at which over 150 couples were present. The banquet which closed the convention was held at the West Hotel on Friday evening a large number of alumni and delegates being present. The guest of honor of the convention was the Rev. Samuel Goodale, of Columbus, Neb., one of the founders of the fraternity. H. H. Mossman '98 represented the Gamma Chapter.

VOL. XXXI. Saturday, May 14, 1898. No. 27.

THE appointment of Hon. Charles H. Allen '69 of Lowell to the position of Assistant Secretary of the Navy is exceedingly gratifying to his many friends and acquaintances among the alumni of Amherst College. His long service in state and national politics, together with his business ability, especially qualify him for this high and responsible position. The appointment is not only a just recognition of Mr. Allen's ability, but an honor to the College that graduated him.

ATTENTION is called to a communication in another column upon the establishment of a senior society at Amherst. While the columns of THE STUDENT are open at all times to the expression of the opinions of alumni, faculty and undergraduates it is to be understood that the Board does not in any case hold itself responsible for the opinions expressed in such articles. An anonymous communication has been received by the Board this week but as no such articles are ever printed by us it does not appear in this issue.

ARRANGEMENTS should be made at once for the reorganizing of the interfraternity baseball league. Last spring a series of interfraternity games was arranged and a championship banner was to have been awarded the winning team, but owing to the failure

of some members of the league to follow the schedule prepared it was impossible to secure a date for the final game and the championship was not decided. The games aroused a lively interest and proved beneficial in the development of material for the College team and should become a permanent feature of Amherst athletic life. Up to this time nearly all of the varsity games have been played on the home grounds but from now until the end of the term there will be one or more open dates each week on which Pratt Field can be secured for these games. It is urged that a committee similar to that chosen last year be immediately selected and a schedule arranged in such a way that it will be possible to play the entire series of games and award the championship banner before commencement week.

LAST Saturday Amherst met M. I. T. in its first dual athletic meet at Riverside and suffered defeat. The meet showed us that M. I. T. is our worthy rival and that, in spite of the fact that we lost good athletes with last year's graduating class, we have this year much excellent athletic material in the College. This afternoon we meet Williams on Pratt Field and there we shall have an opportunity to retrieve our defeat of last Saturday. The results of the meet cannot at present be forecast but at all events it seems probable that it will be close and exciting. We learned last Saturday that success does not depend entirely on the few stars who are able to take first places, but also on the faithful and untiring energy of those who can win seconds and thirds. If we can put this lesson into practice this afternoon we shall be in a good way to win the meet. We have also found in the past what enthusiastic cheering can do toward bringing victory to our banners. Let every man in College go down to Pratt Field this afternoon prepared to do his utmost, whether on the track or on the bleachers, to uphold the reputation which we won last year in the triangular meet and to add one to the series of victories which will alone put Amherst on a firm athletic basis and bring a revival of a sound college spirit which is sure to go hand in hand with success.

CALENDAR.

At the close of the lecture a reception was tendered Mr. and Mrs. Garman by the Amherst graduates who are students in the Hartford Theological seminary.

FRINK MEMORIAL TABLET.

The movement for providing a suitable tablet in memory of the late Professor Frink has assumed definite form. Representatives from three classes were appointed Wednesday to determine the shape of the tablet and to devise means for raising the required funds. The committee is composed of F. M. Warren, Jr., and E. S. Gardner of the senior class, C. E. Mitchell and J. H. Marriott of the junior class, R. S. Grant and F. P. Young of the sophomore class, and W. M. Clark and H. J. Elam of the freshman class. A meeting of this committee will soon be held and its action reported to the different classes for approval.

PROFESSOR COWLES.

Professor Cowles, accompanied by E. W. Wilkins 1900, has arrived at Rome, where he will spend three months in study at the American School, where special advantages are offered to students in Archaeology. The first week of his trip was passed in Spain. Naples was visited next, and then Professor Cowles traveled across the country to Athens, going from that city to Constantinople. After visiting the Turkish Empire he returned to Athens and thence travelled about Sicily. Returning to Naples he met T. C. Esty '93, who is studying at the German universities. After a stay of ten days at Naples Professor Cowles proceeded to Rome.

CHESS TOURNAMENT.

Only a few games remain to be played in the College chess tournament. Bliss '98 won the first place in the second division and R. S. Hubbard 1900 second. Ide '98 and Southgate 1901 tied for first place in the last division. The finals played thus far have resulted as follows: Ward 1900 defeated Bliss '98, Ward 1900 defeated Tolles '99, Tolles '99 defeated Bliss '98, Ward 1900 defeated R. S. Hubbard 1900, Southgate '01 defeated Bliss '98, Southgate 1901 defeated Ide '98, Ward 1900 defeated Ide '98. The three players winning the greatest number of games in the final round will represent the College in the match games at Williamstown next Friday and Saturday. Each man will play three games.

PHI BETA KAPPA MEETING.

At a meeting of the senior members of Phi Beta Kappa last Monday evening the new members from the two upper classes were elected. A new method of appointment to the society has been inaugurated by which the election of a certain per cent from each class has been abolished and a rank standard substituted, 88 per cent and 85 per cent being requisite as a student's average for the first and second drawings respectively. This makes the basis of membership in the society more strictly one of scholarship. Also, instead of the faculty's directly electing the new members as in years past, that body recommend students for membership for the active chapter's final election. The following second drawing members were chosen from the senior class: Frank M. Warren, Jr., of Portland, Or., Harrison F. Lyman of Fall River and Willard F. Harris of Racine, Wis. The first drawings from the junior class were: Albert E. Austin of Medway, Rufus E. Miles of Worcester, Edwin M. Brooks of Hyde Park, Raymond S. Dugan of Montague, Frank O. Reed of Southbridge, Harry B. Marsh of Springfield, Edward B. Nitchie of Brooklyn, N. Y., William J. Newlin of Port Carbon, Pa., and Everett E. Thompson of Springfield.

SENIOR DRAMATICS.

The Senior Dramatic's company, presenting William Gillett's "All the Comforts of Home," gave its first performance in Amherst at the Town Hall, Thursday evening, May 5. A large and appreciative audience composed of townspeople and students was present. The company gave a first class entertainment, in some respects surpassing in excellence those given by recent senior classes. Much of the success of the company is due to conscientious work of the cast under the efficient training of Robert W.

Hurley and the opportunities afforded the members for rehearsing during the recent Easter trip.

The entire company is to be congratulated upon the success of the play. Special mention is due Harold Walker as Alfred Hastings, Quintard Johnson as Tom McDow, a protégé of Alfred's, William E. Walker as Christopher Dabney, a broken-down music teacher, and R. V. R. Reynolds as Judson Laughorne, a young man of leisure, for the creditable presentation of their parts. The lady characters assumed by T. W. Janes as Miss Emily Pettibone, H. E. Harkness as Mrs. Pettibone, F. K. Dyer as Miss Fifi Oritanski from the Opera Comique, H. J. Howland as Josephine Bender and F. W. Goddard as Evangeline Bender were played with a realistic effect not usually found in college amateur theatricals. C. K. Arter as Theodore Bender, a retired produce dealer, gave a life and spirit to the play that was well received. The rendering of selections by the Banjo club between the acts added much to the enjoyment of the evening. Last evening the company gave a presentation under the auspices of the Monson Academy Athletic association at Monson. Presentations of the play will also be given at the Academy of Music, Northampton, June 3 and Amherst, June 27. Other dates have been arranged, but have not yet been approved by the committee from the faculty.

HARDY DEBATERS.

The result of the vote of the senior class for the selection of sixteen members to compete in the preliminary Hardy prize debate has been announced by Professor Churchill. As a result of a tie vote seventeen speakers will compete for the final eight places. The men selected are as follows:

C. K. Arter, Cleveland, O.
F. Q. Blanchard, West Newton.
H. D. Brackett, Southbridge,
F. K. Dyer, Washington, D. C.
J. F. Gregory, Bordentown, N. J.
R. H. Gregory, Princeton.
C. S. Hager, South Deerfield.
J. D. Lennehan, Springfield.
O. B. Loud, Weymouth.
C. W. Merriam, Springfield,
C. A. Strong, Southampton.
C. B. Tyler, Plainfield, N. J.
Harold Walker, New York.
W. E. Walker, Amherst.
N. A. Weathers, Ocala, Fla.
F. C. Wellman, East Jaffrey, N. H.
A. J. Wyman, Cambridge.

The seventeen thus selected met Thursday afternoon to make arrangements for the preliminary debate. The question for debate will be as follows: "Resolved, that the present power of the speaker in the House of Representatives is detrimental to the best interests of the country." The date selected for the holding of the preliminary debate was Tuesday, June 7. The drawings for the two divisions resulted as follows: First division—affirmative, J. F. Gregory, Lennehan, Weathers, Wyman; negative, Arter, Loud, Merriam, H. Walker, Wellman. Second division—affirmative, Blanchard, Brackett, Dyer, W. E. Walker; negative, R. H. Gregory, Hager, Strong, Tyler.

The Hardy prizes, the first of thirty dollars and the second of twenty dollars, were given by the late Alpheus Hardy of Boston, and are awarded during Commencement week.

JUNIOR HISTORY THESES.

The following subjects for History theses have been announced by Professor Grosvenor for his junior class in History. These essays are due June 13 and must be of the usual length:

4. Defeat of the Spanish Armada.
5. The Glories of the Elizabethan Age.
6. The Uncrowned King. Oliver Cromwell.
7. Wallenstein, the Adventurer.
8. The Execution of Charles I.
(Justify it or prove it a mistake.)
9. The Siege of Leyden, 1675.
10. The Two Marys. Bloody Mary and Mary Stuart.
11. The Treaty of Westphalia.
12. The Age of Louis XIV.

SOPHOMORE KELLOGG FIFTEEN.

The following men have been elected by ballot of the class as the Sophomore Kellogg Fifteen:

F. E. Boggs, Marlboro.
G. S. Bryan, Sherman, Conn.
A. H. Clark, New York, N. Y.
C. M. Crapo, Burlington, Ia.
G. H. Driver, Wakefield.
G. P. Eastman, Rutland, Vt.
S. E. Flichtner, Englewood, N. J.
W. T. Gamage, Gloucester.
D. H. Hurd, Mannsville, N. Y.
H. S. Kinney, Easton, Pa.
A. V. Lyall, New York, N. Y.
H. K. Robinson, Worcester.
P. G. Spinning, South Orange, N. J.
A. L. Watson, Scranton, Pa.
F. P. Young, Brooklyn, N. Y.

GIFT TO THE COLLEGE LIBRARY.

By the generous gift of the mother and sister of Professor Frink, the College Library receives over four hundred volumes of valuable books from his library. A good many of them are duplicates of books in the Library, but in nearly all these cases the second copies will be of real service. Over two hundred volumes are new to the Library, and constitute a very useful addition to the departments of Rhetoric, Elocution and English Literature. It is long since the Library has received from any one source so valuable an addition, and the Library Committee have passed a special vote of thanks to the donors.

COMMUNICATION.

In last week's issue of THE STUDENT I noticed that the question of a senior society is once more being discussed in Amherst. And as one interested in the thoughts and deeds of the undergraduates as much now as when among their number, I am taking the privilege of your columns to tell how glad I am to find the question once more discussed. Amherst needs such a society. Dartmouth has found the plan to work most successfully. The "Gargoyle," at Williams, while still in the experimental stage, to a certain extent, has proved itself not only ornamental, but of practical use. Petty fraternity bickerings have been done away with; organized thought on questions of moment has taken the place of individual opinions; a definite leadership in matters requiring action has been established; the undergraduates, as represented by the most influential among their number, have been moulded into greater unanimity and oneness of purpose. This sounds a little Utopian; what of it? Senior societies in other colleges have accomplished all these things, though perhaps imperfectly as yet. The question does not, then, lie in its theoretical advantages, but in its actual workings. Could it succeed in any of these lines at Amherst College? If it could, it is worth a trial. And would any Amherst man confess that there is lacking in his College any spirit or motive that would help to further a really useful undertaking?

There are disadvantages, of course. No plan worthy of the name is without them. It is hard to organize such a society and mete out justice to all. It will be hard to perpetuate such a society, without encountering criticism here and there. But are these objections vital? If they are not, they should be met face to face for the sake of the

good to accrue from the same source. The position of the undergraduate body at Amherst has been critical for years past. The spirit of faultfinding has grown perceptibly since the death of the "Senate." It has been due in large part to the utter lack of leadership, each man thinking what he pleases, saying what he wills, utterly regardless of the feelings of others, or the injury he is doing to his Alma Mater. If this movement would help to change this spirit for the better and do nothing else, it would be worth the trial. Obtain an organization with power behind it to wipe out the "yellow streak" that has somehow made itself felt at times, and college spirit, the relations of alumni and undergraduates, of professors and students, will all be bettered. Such a condition of affairs would strengthen the College, build up her athletics, and increase the bonds joining every son of Amherst to the institution to which he owes so much.

PROFESSOR GROSVENOR'S NEW BOOK.

Messrs. Thomas Y. Crowell & Co. are at present engaged in the publication of an English translation of Victor Duruy's celebrated work, "A General History of the World." Professor E. A. Grosvenor has done the work of translation. He has also thoroughly revised M. Duruy's work; where recent excavations and discoveries have added new light to Duruy's original observations or statements, Professor Grosvenor has modified them or replaced them with more accurate and better founded facts and conclusions. Besides this, he has added to Duruy's work, which brings modern history down to the year 1848, a most complete and interesting summary of recent history from 1848 to the present year. The book is divided into six main divisions: Ancient History of the East, History of the Greeks, History of the Romans, History of the Middle Ages, History of Modern Times and Contemporary History. The translation retains all the fascinating style of the original; the work is brought up to date and is rendered the most complete and satisfactory general history that has been written. Thirty colored maps are interspersed through the volume, and it is expected that it will prove a great aid to students and teachers of History, as well as to readers in general. The book is nearly ready and will soon be placed upon the market.

REVIEWS.

Our Army and Navy.—J. A. Rawson, Jr., '95 and F. S. Crawford '97, have recently published a book entitled "Our Army and Navy." The object of the book is to present concisely and comprehensively complete and accurate information concerning the naval and military resources of the United States, and this object the writers have succeeded in attaining. The statistics given are compiled from Government reports and other reliable sources, and the book makes a very neat and convenient reference book on all questions pertaining to the army and navy. Besides the text, there are over a dozen illustrations of the best battle-ships of the country, the first being very appropriately the U. S. S. "Maine," and excellent portraits of Major-General Nelson A. Miles and Captain William T. Sampson. The book is published in paper covers and sells for twenty-five cents a copy.

The New Century Speaker by the late Prof. Henry Allyn Frink. Published by Ginn & Co., Boston, 12 mo., 346 pp.—"The New Century Speaker" by the late Professor Henry Allyn Frink has recently been issued from the press of Ginn & Co., Boston. The work was completed by Professor Frink only a very short time before his death and he did not live to see the published volume. The book was aimed to supply a long felt want by including under one cover a collection of the very best examples of American oratory, and was intended especially for use in connection with Professor Frink's department of Public Speaking.

The book is divided into two parts. Part I. contains a large number and variety of what may be called "drill pieces." They have been very carefully selected from the works of the best American and English orators and writers, and many of them have been specially adapted to meet the purposes of this book. There are also a few prize orations written by members of recent graduating classes and a selection from Professor Grosvenor's *Andronike*. Most of the selections have been in use in College for some time and their practical value has thus been proved. All are of recent date and are concerned with subjects not only of present interest but of future interest as well.

In the excellent introduction to the volume Professor Frink says: "What is to be the goal of the declaimer who is preparing for professional or public life or for the ordinary duties of citizenship, is indicated by the general character of this volume. It is to acquire, as far as possible, the elements of power which have made so many of the speeches and addresses here represented a commanding influence in our national and civil life. So that, while *The New Century Speaker* is valuable in its unusual number, variety and freshness of 'drill pieces,' it has peculiar worth in presenting in available form for declamation the most representative collection of extracts from our later eloquence that has been published."

The first part of the book is intended to lead up to Part II. which will prove a most valuable aid to the study of American oratory at the latter end of the nineteenth and the beginning of the new century. Here are collected extracts from the speeches of Henry Cabot Lodge, Chauncey M. Depew, Charles H. Parkhurst, Henry W. Grady, James G. Blaine, James A. Garfield, Henry Ward Beecher, William H. Seward, Wendell Phillips and George William Curtis. Each orator is represented by several selections chosen with a view to indicating the style, scope and characteristics of his oratory. At the end of the book is a list of words taken from the orations and designed for use as exercises in pronunciation.

The contents of the book are arranged in a very convenient and orderly manner. It is clearly printed on paper of an excellent quality and is bound very tastefully in cloth. The book may well stand as a fitting monument to the work of its author.

ALUMNI NOTES.

'59.—Henry W. Smith Esq., died in Philadelphia, March 3. He had been for more than twenty years the actuary of the American Life Insurance Company of Philadelphia.

'66.—Rev. George Harris president of Andover Theological Seminary preached at the South Congregational church in Springfield, Sunday, May 1.

'69.—Professor W. T. Hewett of Cornell University contributed an interesting article entitled "University Life in the Middle Ages" to the May number of *Harper's Monthly*. The origin of University life, the characteristics of the early students and the manner in which the old universities were supported are treated in a very interesting way. The illustrations were by F. V. Du Mond and A. B. Davies drawn from old prints.

'87.—Joseph L. Dixon has recently been elected president of the Bible Normal college Springfield. He was formerly secretary of the same institution.

ADMISSION.

The four-year curriculum for the Classical Course leads to the degree of Bachelor of Arts. Candidates for the Freshman Class must be at least sixteen years of age, and correspondingly older for advanced standing. Prescribed subjects for examination include Latin, Greek, Mathematics, English, Modern Languages and Ancient History. Consult Annual Catalogue for details.

The four-year curriculum of the Scientific Course leads to the Degree of Bachelor of Science. Prescribed subjects for examination are as above, omitting Greek and adding History of United States, Modern Geography and History of England.

Preliminary examinations are allowed in admission to either of the above courses.

Graduates of certain Preparatory Schools are admitted on certificate, without examination. The certificates and pass-cards of the Regents of the University of the State of New York are also accepted in place of examinations.

Porter Admission Prize for best examination for admission to the Freshman Class.

For admission to advanced standing, full equivalents are accepted.

Regular entrance examinations at Amherst, 23d and 24th June, 1898, and simultaneously in large cities and at Preparatory Schools.

GENERAL INFORMATION.

Graded Diplomas, B. A. and B. S., are awarded at the conclusion of the foregoing courses. Non-competitors for these Degrees may pursue special courses.

The academic year is 37 weeks in duration, divided into three terms. The summer vacation of 11 weeks, begins with the first week in July. Commencement, 29 June, 1898.

Tuition fee, \$110 yearly. Privileges of the Pratt Gymnasium free to all students.

The annual award of fellowships and prizes exceeds \$2,750.

The beneficiary funds of the College exceed \$180,000. Students may receive needed assistance from the income of these funds.

The collections for instruction in Art and the Natural Sciences are unsurpassed.

Fully equipped laboratories for instruction in Physics, Chemistry and Biology.

The College Library contains about 68,000 volumes, and is freely accessible to all students, without fees.

The Pratt Athletic Field, five minutes' walk from the College campus, is the finest college field in the country. Open to all students.

AMHERST—WILLIAMS DUAL ATHLETIC GAMES.

The dual athletic meet with Williams, which this year was substituted for the triangular meet, was held on Pratt Field last Saturday afternoon, and resulted in a victory for Williams by a score of 66 to 60. The day was a perfect one for the meet, except for the strong west wind which blew across the field and prevented record breaking in the long runs, though it was of some assistance in the short dashes. The attendance was much smaller than the quality of the meet and the fine weather deserved.

The meet was one of the closest and most exciting ever held on Pratt Field. Four times the score was tied and it was not till the last three events were finished that the meet was finally assured to Williams. As in the M. I. T. meet Captain Mossman's unfortunate accident, which barred him from the hurdle races, practically caused the loss of the meet for Amherst. Bray, Potter and Fifer led in the individual records for Williams, each taking two firsts and thus winning together nearly half of Williams' points.

Amherst's score was dependent upon the work of no one man, but on the faithful and earnest work of each man who entered. Klaer, 1900, took the largest number of points for Amherst, with first in the half-mile run and second in the high jump. Owing largely to the strong wind which was blowing, only two records were broken. In the 100-yards dash, Captain Callahan of Williams lowered the record to 10 seconds flat. In the broad jump, D. C. McAllister '98, broke the tri-collegiate record by an even 10 inches. A. C. Patterson of Williams, equalled the record previously made by his brother in the 220-yards dash.

The pole vault again proved to be Amherst's weakest point, while in the other field events we were comparatively strong, as a glance at the records will show. The dashes were the most hotly contested and by far the most interesting events of the day.

The officers of the meet were: Harry A. Adams, W. A. C., referee; Paul Waterman, Williams, and F. Q. Blanchard, Amherst, marshals; Dr. J. H. McCurdy, R. S. Lull and C. D. Drew, judges at finish; A. F. Bardwell, A. T. Halstead and A. W. Grosvenor '98, timers; Edwin W. Frain, Wesleyan, starter and clerk of course; H. Mossman, C. K. Arter and R. B. Gibbs '98,

assistant clerks; R. J. Martin and Dr. J. H. McCurdy, field judges; H. H. Lehman, Williams, and H. Walker, Amherst, scorers.

100-YARDS DASH.

This was the first event on the programme and one of the most exciting. Two trial heats were run, Callahan and Patterson of Williams, taking first in their respective heats, and Curtenius and Messinger taking seconds. The final heat was the fastest of the three and Callahan succeeded in lowering the tri-collegiate record by 1-5 of a second, putting the record at 10 seconds flat. Curtenius and Patterson took second and third places respectively.

HALF-MILE RUN.

The half-mile run was a very pretty race. There were six entries. Klaer of Amherst got the pole and immediately took the lead which he kept during the entire race, making a very pretty finish. Goodbody of Williams took second and Redfern of Amherst, third.

120-YARDS HURDLES.

Two trial heats were run in this event. The first two heats were slow. Potter and Swift of Williams took firsts in their heats and Burd and Burdon, seconds. The final heat was run within 1-5 of a second of the tri-collegiate record made by Capt. Mossman. Potter of Williams, took first, Burd of Amherst, second, and Swift of Williams, third.

TWO-MILE BICYCLE.

The bicycle race was exceedingly slow. All five riders kept in a bunch until the seventh lap, when Dudley started to spurt, and for the last two laps made a steady gain in his lead finishing with a good distance to his credit. Within a few yards of the finish, Lyon of Williams was unfortunately thrown from his wheel. Patterson of Williams finished second and Crannell, of Amherst, third.

440-YARDS DASH.

In the 440-yards dash Amherst won the first two places. Strong ran a very pretty race, keeping the lead for the entire distance, while Kendall easily finished a close second.

MILE RUN.

In the mile run Bray, who recently broke the world's record in the 1000-yards run, easily took first place, Furbish finishing second.

220-YARDS HURDLES.

To this event, coupled with the 120-yards hurdles, may be attributed Amherst's loss of the meet. Two trial heats were run. In

the first Burdon took second. In the second only first place counted as only two men were entered. But for a fall Burd would probably have won a place in the finals. In the finals Burdon fell, thus being able to gain only third place, Williams taking the first two places and practically winning the meet.

220-YARDS DASH.

This was a remarkable fast race, considering the fact that it was run on a curved track. The tri-collegiate record of 22 2-5 seconds was equalled by Patterson of Williams, Curtenius finishing only a few inches behind and taking second place for Amherst.

TWO MILE RUN.

In the two mile run, Bray again easily captured first place. Third place also went to Williams while Furbish took second for Amherst. He ran an excellent race but Bray proved too fast for him.

FIELD EVENTS.

In the pole vault Amherst proved especially weak. Fifer and Squires easily took the first two places with a lead of ten and eight inches respectively over Franklin and Mathews, who tied for third place.

Amherst won six points in the shot put, Winslow taking first at 35 ft. 11 in., and Austin taking third.

In the high jump Klaer took second place for Amherst, the other two places going to Williams.

Austin took first place in the hammer throw at 101 ft. 6 in., Denman and Cullinan taking the other two places for Williams.

The running broad jump was the only event of the afternoon in which either side was entirely shut out. Amherst took all nine points thus reducing Williams' lead quite materially. All three Amherst men broke the tri-collegiate record previously held by M. H. Tyler '97. McAllister '98 who took first place broke the record by 10 inches. The order of events was as follows:

WORCESTER MEET.

The annual outdoor meet of the New England Intercollegiate Athletic Association will be held at Worcester to-morrow afternoon. Representatives will be present from ten of the New England colleges: Amherst, Bowdoin, Brown, Dartmouth, Mass. Institute of Technology, Trinity, Tufts, Wesleyan, Williams and the Worcester Polytechnic Institute. Amherst will be represented in ten of the events by twelve men. In the 100-yards and 220-yards dashes, Curtenius 1901 is counted upon for a place. Furbish '98, should also take a place in the one and two mile runs, and Winslow '99 in the discus throw. McAllister '98, Gladwin and Field 1901 are entered in the running broad jump and judging from their work last Saturday two

places are perhaps not too many to hope for in this event Dudley 1900, may also take a place in two mile bicycle race. Strong '98 and Gladwin 1901, are entered in the 440-yards dash; Kendall '99, Redfern '99 and Klaer 1900, in the half mile run, and Winslow '99 in the shot put. It is useless to attempt to prophesy the result of the meet, but Amherst should make a fairly strong showing. The team leaves for Worcester this afternoon. To-morrow morning all trial heats will be run and in the afternoon the finals.

GAMES NEXT WEEK.

Three games are scheduled for next week. Of these we ought to win two and possibly the entire three. The first with Holy Cross on Wednesday will undoubtedly be a close game and Amherst will not be defeated without a hard fight. The Holy Cross team is very strong in its fielding and is composed of good batters. Our team however has the advantage of playing on home grounds, a fact that ought to count for something in the final score. The second game of the week will be played here with Trinity and should easily be a victory for Amherst. Trinity's team is weak, having been defeated by "Aggie" from whom we easily won last Friday. The third game is with Williams at Williamstown on Saturday and will be a close one. Amherst has shown herself Williams equal if not her superior, and although Williams has the advantage of the game being played on her own diamond, the final score should indicate a victory for Amherst.

THE MAY LIT.

The quality of verse and prose in the May Lit. which made its appearance last Wednesday would seem to indicate rather a paucity of available material from which to draw this month's issue. Such a state of affairs as here seems to be the case is indeed unfortunate. There is reason to believe that there is as much literary talent in the College to-day as in former years and it is indeed a pity that such an opportunity for cultivating a taste for writing should not be taken advantage of.

The number opens with a short biographical sketch of the late Edward Dickinson by his colleague, Mr. W. I. Fletcher. This is followed by a very brief essay or criticism in defense of the American system of education entitled "Matriculated Mechanics." The other essays are "Socialism," by F. M. Allen '98 and "On Conventionality in College Life," a partial discussion of the com-

pulsory church problem, by E. B. Pottle '99. The fiction which is conspicuous by its absence consists of two short bits, one entitled "The Lost Heir of the Starlings," by W. E. Lewis 1900, which though not at all original is fairly well told; the other, "Mr. Horan's Goat," is a decidedly sketchy anecdote rather than a story and its proper place would rather be in the "Sketch Book" than in the body of the magazine. The "Sketch Book" in its prose is of rather a cynical tone. The verse in the number is mediocre. The "Window Seat" is a vigorous protest against the "Spirit of criticism" prevalent in College to-day which THE STUDENT has long deplored. The editorials are on National Patriotism in College and the much mooted system of marking now in vogue at Amherst.

TRUSTEE ELECTION.

The following letter received by C. N. Clark Esq., '73 of Northampton has been forwarded us for publication and is self-explanatory:

"C. N. CLARK, ESQ. I have just received a circular stating that I have been nominated for the vacant trusteeship at Amherst. I do not wish to be a candidate, and if you will kindly make this notice public in whatever way you can, you will much oblige.

Yours sincerely,
FREDERICK. H. GILLET."

DELTA UPSILON RECEPTION.

The members of the Delta Upsilon fraternity gave a very pleasant reception at their chapter house last Wednesday afternoon from five until nine o'clock. The house was decorated with bunting and flags in the national colors. Warner's orchestra of Northampton furnished the music and Call catered. About twenty young ladies from Smith and Mount Holyoke Colleges were present. Miss Berenson and Miss Kloch of Northampton, Mrs. Fairbanks of Mt. Holyoke, and Mrs. H. H. Seelye of Amherst acted as patronesses.

NORTHFIELD CONFERENCE.

Circulars have been issued announcing the conference of students at Northfield to be held July 1-10. Last year 28 Amherst men were present and enjoyed the conference to the utmost. This year it is hoped that an even larger number of men will plan to spend part of their vacation at this college of colleges. The leaders and speakers of this year are fully the equal of those who in past years have made these conferences noted.

Among them are Bishop Potter of New York. President Strong of Rochester, N. Y., Chancellor McDowell of Denver University, Robert E. Speer of New York, known to many of the students here, and Dr. Edward Judson of New York city. Mr. Moody, probably the most popular preacher with the students of this country, will preside throughout the conference. The conference still remains true to its origin and motive as a Bible study conference. This year these classes will be in charge of Professor Bosworth of Oberlin and Mr. S. M. Sayford, who spent several days at Amherst last spring. Aside from the interest manifested in the Christian work of the colleges, in their Bible classes and missionary work the conference also furnishes the opportunity for a summer outing under peculiarly pleasant circumstances. There are gathered six hundred students from one hundred of the leading institutions of the country in a place noted for its beauty, and every afternoon is devoted to recreation. Splendid facilities are afforded for tennis, baseball, basketball, track athletics and swimming. An athletic meet is held on July 4 for the championship of the conference, and on every afternoon the athletic field is the center of interest.

The Christian Association, desiring that as many as possible may enjoy the privileges of this conference has made arrangements by which the Amherst delegation will be together at Camp Northfield in a beautiful pine forest half a mile from the seminary buildings. The expense will be about ten dollars for the ten days of the conference and there are certainly few places where a student could spend his time and money with so much pleasure and profit. As a large number of Amherst men expect to attend, it is desired that those who have not seen the chairman or some member of the committee about this matter do so at once in order that arrangements may be made for all who desire to avail themselves of this opportunity. The committee consists of A. H. Clark 1900, chairman, E. H. Smith '98, F. N. Dewar '99, H. P. Whitney '99, E. St. J. Ward 1900, W. M. Clark 1901, L. H. Rockwell 1901.

SENIOR DRAMATICS.

The following dates have been arranged by Manager Mahony and sanctioned by the committee from the faculty, for the presentation of "All the Comforts of Home" by the Senior Dramatics company: Monday, May 30, at New London, under the auspices

of the Bulkeley High School; Friday, June 3, at the Academy of Music, Northampton; Saturday, June 4, at Andover, for the benefit of the Andover Academy Athletic association; Friday, June 24, at Gloucester; Monday, June 27, at Amherst. Last week Friday the company gave a creditable performance at Monson and this evening the play is to be given at Westfield.

HON. JOHN W. FOSTER.

Hon. John W. Foster of Washington, D. C., has accepted the invitation of the faculty to deliver the Commencement address that is to take the place of the usual addresses given by members of the Phi Beta Kappa society. The subject of the address will be "International Relations of China," and it will be given in College Hall, Wednesday morning, June 29, at 10-00 o'clock. Mr. Foster is a forcible speaker and is thoroughly acquainted with the details of the subject of his address, having acted in behalf of the Emperor of China as commissioner of peace with Japan. Mr. Foster will be accompanied by his wife and while at Amherst they will be the guests of Professor Grosvenor and wife. An afternoon reception will be given Tuesday at 4-00 o'clock by Professor and Mrs. Grosvenor at their home on College street in honor of Mr. and Mrs. Foster.

Hon. John W. Foster, without doubt the leading diplomat of America, was born in Indiana in 1836. He was graduated from the Indiana State University and from Harvard Law School. He began the practice of law at Evansville, but at the outbreak of the Civil war became major of the Twenty-fifth Indiana Volunteers. He participated in the battles of Fort Donelson, Shiloh and Knoxville and at one time commanded the Twenty-third Army Corps in East Tennessee. During the administrations of Presidents Grant and Hayes he was Minister to Mexico. In 1880 and 1881 he served his country in the same capacity at Russia, and in 1883 was appointed by President Arthur minister to Spain. President Cleveland delegated Mr. Foster to arrange an agreement with Spain, and in 1891 he negotiated at the request of the government treaties with Spain, Germany, and San Domingo. He was also agent for the United States in the Behring sea arbitration. June 29, 1892 he was appointed Secretary of State to succeed the late James G. Blaine. In 1895 the Emperor of China selected him as a commissioner to secure peace with Japan.

VOL. XXXI. Saturday, May 21, 1898. No. 28.

WHILE our defeat in track athletics last Saturday was not wholly unexpected a feeling of disappointment at the result of the meet was almost universally felt. Nevertheless Amherst may well feel proud of a team which deprived of its captain and chief point-winner by an unfortunate accident, came so near defeating such a worthy opponent as Williams in the closest meet ever held on Pratt Field. The men on the team have trained faithfully and worked hard and we can assure them that the College to a man appreciates their efforts.

In another column will be found a prospectus of the meeting of the annual Student Conference to be held at Northfield early in July. In past years these meetings have been of great interest and profit to all who were privileged to attend them and Amherst has always been represented by a large delegation of its students. The present season promises to be no less interesting and instructive, and this coupled with the social and recreative advantages which have made Northfield so attractive to college men in past years, together with the opportunity to meet representative men from other colleges, should induce a large number of Amherst men to visit Northfield during the Conference.

THE faculty is to be congratulated upon securing such a prominent and distinguished man as Hon. John W. Foster to deliver the Commencement address. Mr. Foster is without doubt the leading diplomatist of America. His long service in international affairs and his personal relations with the Emperor of China especially fits him for an interesting address on the subject, "International Relations of China." Mr. and Mrs. Foster will receive a most cordial welcome during their brief stay in Amherst.

NEXT Saturday afternoon the Western Massachusetts Interscholastic Athletic Association is to hold its annual meet on Pratt Field. This association includes six of the best high schools in the vicinity of Amherst, and in them there is much excellent athletic and football material. In the past very little effort has been made by the College to entertain the visitors and many opportunities to turn desirable men in the direction of Amherst have been lost. It is urged that this year some definite arrangements be made for their entertainment, and that the College show its interest by a good attendance at the games. Without doubt any such efforts would be amply repaid. Some time ago the Amherst College Athletic Association agreed to present a banner to this Interscholastic Association. The banner was to be held by the school winning the championship each year until some one school succeeded in winning it three times when it was to pass into the possession of that school. We learn that up to date no such banner has ever been made. Would it not be the part of honor to see that the promise which has been made is carried into effect? Such a step would certainly increase the respect which these schools would feel for Amherst. The W. M. I. A. A. is of more importance to Amherst than is generally understood, and anything which can be done to strengthen the relations already existing should certainly not be neglected.

THIS afternoon and to-morrow afternoon Amherst plays her first games with Dartmouth in the championship series in baseball. Our team has worked faithfully throughout the season, but on account of failure to win certain games has not received from the College the support that is actually due it. We lost our first championship game with Williams by mere hard luck but men who have watched the team carefully fail to see any cause for great discouragement on

account of this defeat. The almost errorless game of Williams in that contest can not be compared to the erratic exhibition made by the same team in the two games with Dartmouth last week. If Williams had made fifteen errors in the game with Amherst two weeks ago we venture to say that Amherst would have won from her as easily as did Dartmouth at Williamstown last week. Surely the overwhelming scores of Dartmouth against Williams should in no way discourage Amherst men or lead them to fear for the games with Dartmouth to-day and to-morrow. The team left Amherst yesterday for Hanover with a determination to win at least one of the games. It should be remembered, however, that it is by no means easy to play winning ball on strange grounds without encouragement from the spectators. If our team loses to-day's game it will be partly due to the fact that they play without that support which comes from a crowd of enthusiastic, sympathetic Amherst men cheering from the bleachers. The team needs our support in to-morrow's game. Every man who is financially able should start for Hanover to-night and be on the ground to-morrow to encourage the team by hearty and persistent cheering. Amherst's chances of winning are by no means poor and every man who is able to take the trip to-night will not only witness an interesting contest to-morrow but will do his duty to the baseball team and increase its chances of victory. Then let "On to Dartmouth" be the cry of the next few hours and when the team comes onto the Dartmouth diamond to-morrow let the good old yell of the Purple and White drown out the Indian war-cry of the Green. If Amherst men do their duty in this matter there need be no fears about the result of the game.

A praise service conducted by the College choir and organist was given in the College Church Sunday afternoon at 4-30 o'clock in place of the regular vesper service. Several organ selections were well-rendered by the organist, E. S. Cobb 1900; a duet was sung by Albert Mossman '98 and John Corsa '99 and a trio by Mr. Bigelow. Albert Mossman '98 and F. P. Young 1900 in addition to the hymns and responses. Notwithstanding the rainy weather a fair-sized audience was present and enjoyed the service.

IN BRIEF.

C. E. Dyer 1901 has been appointed College bell-ringer for next year.

The freshman class picture was taken by Lovell on Walker Hall steps Tuesday afternoon.

Hot water may be found at the Gymnasium this term on Wednesday and Saturday afternoons.

Mrs. David P. Todd gave a talk last Thursday evening to the students of Bryn Mawr College.

The regular spring meeting of the trustees of Amherst College was held in Springfield yesterday afternoon.

The preliminary cards giving the program for Commencement week will be out this afternoon or to-morrow.

Among the alumni in town this week were Corse '93, E. C. Sharp '96, L. B. Chase, C. M. Gates and F. D. Thayer '97.

Miss Buffum gave a very pleasant informal tea yesterday afternoon from 4-00 to 6-00 o'clock for the young ladies of her school.

Judging from the number of applications received thus far the Sauveur Summer School will have a large attendance this year.

The Hardy sixteen will debate in two divisions in competition for the Hardy eight on June 6, at 2-00 and 4-00 o'clock respectively.

O. J. Billings and R. S. Hubbard 1900 and H. W. Gladwin and E. W. Wiggins 1901 will be custodians of the Pratt Gymnasium for 1898-'99.

The freshman Kellogg fifteen will speak in competition for the five on May 27 at 2-30 P. M. The sophomore fifteen will speak at the same hour on May 31.

There will be a trip to Northampton to-morrow afternoon, for those taking junior Geology. The object of the excursion is the study of the shores of an ancient lake of which traces are to be found behind the Insane Asylum.

Among the baseball games to be played to-morrow are Princeton vs. Cornell at Princeton; Harvard vs. U. of P. at Philadelphia; Yale vs. Orange A. A. at Orange; West Point vs. Wesleyan at West Point; Yale Freshmen vs. Princeton Freshmen at New Haven.

Professor Tyler has recently received a gift for the Appleton Cabinet of a fine lot of preserved specimens of *Amphioxus lanceolatus* and *Synapta inhaereus* to be used in illustrating the work in the Biological Laboratory. They were put up at the famous Biological Station at Naples, Italy.

A meeting of the Student Volunteer Union was held at South Hadley last Wednesday afternoon. Amherst, Mt. Hermon, Northfield Seminary, Mount Holyoke and Smith Colleges were represented. Amherst was represented by E. H. Smith '98, P. T. B. Ward '99, E. St. J. Ward 1900, T. S. Lee 1900, and T. C. Hubbard 1900.

The finals of the chess tournament resulted in E. St. John Ward 1900 being declared champion of the College. The men who represent us at Williamstown to-day and to-morrow in the dual match with the Williams chess club are E. St. J. Ward 1900, R. S. Hubbard 1900 and A. W. Southgate 1901 with H. C. Ide '98 as alternate. The last may also be called upon to act as time-keeper or umpire. The president of the Metropolitan Chess Club of New York will be referee.

The Glee, Banjo and Mandolin clubs gave a very successful concert in College Hall Wednesday evening under the auspices and for the benefit of the Village Improvement society of Amherst. The hall was very prettily decorated for the occasion with flags and bunting. The usual musical association program was given except that most of the Glee club numbers were patriotic songs, among them being "The Star Spangled Banner," "Columbia, the Gem of the Ocean," "America," and Julia Ward Howe's "Battle Hymn of the Republic." The last was sung as a solo by Young and vigorously encored.

BASEBALL.

AMHERST, 10; M. A. C. 1.

Amherst defeated the State College nine on Pratt Field last Friday afternoon in a one sided game, by the score of 10-1. In the first inning "Aggie" went to pieces and five runs were scored, but after this they steadied down and played a creditable game. Gregory played an excellent game and did some fine base running. For "Aggie," Graves played a good fielding game. Whitney led the batting with two doubles and a single. Moore was tried at second base and played well.

The game was called at 4-15. Gregory was given his base, stole second and went to third on Tinker's hit. Fisher lined out a two-bagger scoring Gregory, and Whitney followed with another two bagger-scoring Tinker and Fisher. Thompson went out on a foul fly to Graves. DeWitt hit to Ahearn and reached first on his error scoring Whitney. DeWitt stole second and third. Watson reached first on Ahearn's error and DeWitt scored. Watson stole second and was put out in attempting to steal third. Moore drew on base on balls and Davis went out on Ball's assist. M. A. C. failed to get a man to first in her half.

Gregory opened the second inning and went out on an assist by Halligan. Tinker hit to Ahearn and was thrown out at first. Fisher reached first on Dorman's error and stole second, scoring on Whitney's two-bagger. Thompson was out on an assist by Crowell. In this inning the State College succeeded in getting a man on third, but failed to score. DeWitt was thrown out at first by Ahearn. Watson hit to short stop and reached first on an error. He reached second on a wild throw by Ball. Moore hit to Warden and was thrown out at first. Davis made a hit advancing Watson, and immediately went to second on a pass ball, on which Watson scored. Davis stole third. Gregory drew a base on balls and stole second. Tinker hit to short stop, who was unintentionally interfered with by Gregory in running to third, whereupon Gregory was declared out. Again "Aggie" failed to score. Neither side scored in the next two innings. Gregory opened the sixth for Amherst, reaching first on Hooker's error. He stole second, went to third on a pass ball, and stole home. Tinker struck out. Fisher went out on a fly to centre field. Whitney hit to Hooker and was thrown out at second.

For M.A.C. Marden hit to Moore and was thrown out at first. Graves went out on a

foul fly to Watson. Hooker reached first on Thompson's error and scored on Hurd's long two-bagger. Hinds was thrown out at second. Neither side scored the next inning. Davis struck out. Gregory hit safely and stole second and third and reached home on fielder's option. Tinker hit to first and was put out. Fisher went out on a fly to Dorman. This inning "Aggie" failed to score. Whitney went out on an assist by Halligan. Thompson was out on a fly to Ball. DeWitt reached first on Ball's error and second on Halligan's error. Watson reached third on Ahearn's error and DeWitt scored. Moore closed the inning by going out on a fly to Ball. The State College failed to score in its half of the inning. AMHERST, 5; BOWDOIN, 6.

Amherst played a close and highly exciting game on Pratt Field last Wednesday afternoon with Bowdoin College. The latter won the game by a score of 6-5 in fourteen innings. The Amherst team played an almost errorless game excelling their opponents in many ways and losing this game by a chance hit in the fourteenth inning. The coaching of Amherst was poor. There was a marked improvement in the batting of the team. For Amherst, Captain Gregory put up a superb game and his pluck and persistency in playing after being injured by a swiftly pitched ball inspired every man to do his level best to win the game. Whitney's catching and throwing were hardly up to his standard but his batting was as usual the best on the team. Messinger put up a strong game and Thompson seemed to have once more regained his old time form. Rush-

more pitched a fine game for Amherst and showed great improvement over his work of the first of the season.

The Bowdoin team put up a fine game of ball and were fortunate in being able to bunch their hits. Bacon's pitching was excellent and effective. Cloudman who substituted Pratt at right field in the tenth inning put up a snappy game and by his hitting won the game for Bowdoin.

In the first inning, Amherst came to the bat but no one was able to hit the ball and no runner reached second base. For Bowdoin, Wignot, the first man up, knocked a pretty hit and reached first. Greenlaw was out on a foul fly to Whitney and Bryant was out at first. Wignot went to second and by interfering with a ball thrown by Whitney to Messinger reached third and came home on a wild pitch. Bacon fled to Thompson.

In the second inning neither side scored. In the third inning Amherst made two runs. Rushmore got to first, being hit by a pitched ball, stole second and came home on Gregory's hit. Gregory was put out in stealing third. Tinker went to first on Clark's error. Fisher was out on a pop-fly. Whitney made a hit which brought Tinker home. Whitney stole second but Thompson finished the inning being out at first.

In the last half of this inning Bowdoin scored two more runs. After two men were out Greenlaw lined out a hit and reached second on a passed ball. Bryant followed with another single which brought Greenlaw home. Bacon whipped out a third hit on which Bryant reached third and came home on a wild pitch by Rushmore. Pratt got his base on balls. With two men on bases, Clark fled out. In the fourth, fifth and sixth innings both teams went out in short order. With one exception on the Amherst team, no man reached third base on either side.

In the seventh inning Amherst scored two more runs. With one man gone, Rushmore got two bases on the error of Bacon and reached third on a passed ball. Gregory was struck out but by the catcher's error reached first and quickly stole second. Tinker's hit brought Rushmore and Gregory home. Tinker stole second but he and Fisher who followed were put out on the double of Clark and Haskell. Bowdoin finished the inning without sending a man to first.

In the eighth inning Amherst men went out in one, two, three order but Bowdoin succeeded in tying Amherst's score in the last half of the inning. With two men out again,

Libby got to first on Fisher's error, stole second and was brought home by Haskell's hit. Stanwood flied out to Gregory.

The next six innings were extremely interesting and exciting for with the score tied neither team was able to bring men home. Several times both teams had men on second and third bases but by quick, sharp, and evenly matched play the score remained unchanged.

In the fourteenth inning, Gregory came to the bat for Amherst. He whipped out a single and made a clever steal to second. Tinker was out at first but Gregory was brought to third. Fisher got to first on a fielder's option and Gregory by sharp base running scored on a close decision. Gregory was, however, put out of the game by receiving a severe blow on the head in sliding home. Thompson and DeWitt were not able to reach first and Fisher was left on third. With Captain Gregory out of the play, the Amherst team lost its hold on the game. Bowdoin won the game with two men out. Wignot and Greenway were out. Bryant got a single and was sent to third by the hit of Bacon who followed. Bacon stole second. Cloudman came to the bat and got a long hit from the first ball pitched, which allowed both Bacon and Bryant to score thus winning the game. The score was as follows:

AMHERST 1901, 5; SPRINGFIELD HIGH SCHOOL, 10.

The freshman team played its first game of the season with Springfield High School at Springfield Wednesday afternoon, losing by the score of 10—5. Considering the fact that this was the first game the team did

well, except in the second inning when a bad case of rattles netted the High School seven runs. For the freshmen Kretschmar, Bates and Clutia put up the best game, the latter striking out eight men, and having five put outs and two assists to his credit. Rockwell excelled for the High School.

The game was called at 3-30, with High School at bat. Whipple and Rockwell struck out. Rogers hit safely, stole second and went to third on Leonard's hit. Rogers came home on an error. Mathinson struck out. The freshmen were retired in one, two, three order. In the second inning a combination of hits and errors netted the High School seven runs. Again the freshmen failed to score. Neither side scored in the next inning. In the fourth inning the High School went out in order. Bates hit safely and stole second. Lamb hit safely and went to second on an error. Godfrey singled scoring Bates and Lamb came home on Whipple's error. Godfrey stole second and reached home on errors. Couch hit to Whipple and was thrown out at first. Kretschmar flied out to Bugbee. Rockwell hit safely and stole second. Clutia went out on Mathinson's assist. For the High School Bugbee hit safely and stole second. Holbrook reached first on Ballantine's error. Whipple hit safely and Bugbee was thrown out at home. Holbrook went to third on an error and scored on another error. Whipple stole third and immediately after scored. Rogers went out on Couch's assist. Leonard hit to Kretschmar and was thrown out at first. The High School was unable to score again during the game. The freshmen made one run in both the fifth and sixth innings but did not score thereafter.

CRITICISM OF TEAM.

During the past week the baseball team has undoubtedly made improvement along certain lines. The hitting and general fielding have become more sure. The adoption of signals for plays to catch base runners has proved advantageous. The team is still exceedingly weak in coaching and in base-running. This is undoubtedly the most noticeable and most costly fault of the team at present. Although the work of the team has not shown itself in the winning of games there is a tendency toward quicker and sharper baseball which can receive only our hearty commendation. The loss of our games of late has been mainly through hard luck and not through inability to play baseball on the part of the team.

GOLF CLUB.

The grounds of the Golf Club have recently been much improved and enlarged and are now in excellent condition for the season's games. Within a week the tournament which was left unfinished last fall will be played off and a new tournament will be begun.

TENNIS TOURNAMENT.

Next Saturday morning the first games in the triangular tennis tournament will be played with Williams at Williamstown. Amherst will be represented by J. S. Johnston '98 and S. E. Flichtner 1900, in the doubles and by J. S. Johnston '98 in the singles. Lewis Perry '98 and T. P. Goodbody '99 will represent Williams.

ALUMNI NOTES.

'49.—Elijah Howe, Jr., of Dedham died May 7, aged nearly 70 years. He was a classmate of President J. H. Seelye and Dr. Hitchcock and father of Dr. W. C. Howe '94. He was a member of the Delta Upsilon fraternity. Mr. Howe was a business man. He fitted for the ministry at Andover but was obliged to discontinue his studies on account of ill-health. For the last twenty-nine years he has been at the head of the Dedham Institution for Savings and also secretary of some of the most important insurance companies in Norfolk County. His life was that of an intelligent, calm, steady and righteous man, trusted by everyone for his fair, courteous and just treatment of all who came to him for counsel or on business. A staunch Congregationalist, he was treasurer, deacon and an active Sabbath school teacher in his home church for many years.

'91.—E. R. Clark is to conduct an English Literature Round Table at the National Educational Association, Washington, D. C., July 7-11.

'93.—Lewis T. Reed of the Yale Divinity School was recently awarded the First Downes Premium of fifty dollars for proficiency in reading hymns and Scripture.

'97.—Cards of invitation are out for the marriage of Richard Billings to Miss May Merrill, the ceremony to take place in the Congregational Church of Woodstock, Vt., on Wednesday, May 25. The Bachelor's supper will be held May 24. Edward T. Esty is to act as best man at the wedding.

ADMISSION.

The four-year curriculum for the Classical Course leads to the degree of Bachelor of Arts. Candidates for the Freshman Class must be at least sixteen years of age, and correspondingly older for advanced standing. Prescribed subjects for examination include Latin, Greek, Mathematics, English, Modern Languages and Ancient History. Consult Annual Catalogue for details.

The four-year curriculum of the Scientific Course leads to the Degree of Bachelor of Science. Prescribed subjects for examination are as above, omitting Greek and adding History of United States, Modern Geography and History of England.

Preliminary examinations are allowed in admission to either of the above courses.

Graduates of certain Preparatory Schools are admitted on certificate, without examination. The certificates and pass-cards of the Regents of the University of the State of New York are also accepted in place of examinations.

Porter Admission Prize for best examination for admission to the Freshman Class.

For admission to advanced standing, full equivalents are accepted.

Regular entrance examinations at Amherst, 23d and 24th June, 1898, and simultaneously in large cities and at Preparatory Schools.

GENERAL INFORMATION.

Graded Diplomas, B. A. and B. S., are awarded at the conclusion of the foregoing courses. Non-competitors for these Degrees may pursue special courses.

The academic year is 37 weeks in duration, divided into three terms. The summer vacation of 11 weeks, begins with the first week in July. Commencement, 29 June, 1898.

Tuition fee, \$110 yearly. Privileges of the Pratt Gymnasium free to all students.

The annual award of fellowships and prizes exceeds \$2,750.

The beneficiary funds of the College exceed \$180,000. Students may receive needed assistance from the income of these funds.

The collections for instruction in Art and the Natural Sciences are unsurpassed.

Fully equipped laboratories for instruction in Physics, Chemistry and Biology.

The College Library contains about 68,000 volumes, and is freely accessible to all students, without fees.

The Pratt Athletic Field, five minutes' walk from the College campus, is the finest college field in the country. Open to all students.
